United States District Judge

Re: *In re: Volkswagen "Clean Diesel" Marketing, Sales Practices, and Products Liability Litigation, 3:15-MD-2672-CRB (JSC); Volkswagen Steering Committee Application for Michael R. Bracamontes*

Dear Judge Breyer:

Pursuant to Pretrial Order No. 2, I make this application on behalf of my firm to be a member of the Plaintiffs' Steering Committee (PSC). As the Court is aware, many of the finest plaintiffs' firms in the country have filed cases in this MDL. My law firm, Bracamontes & Vlasak, P.C., along with other law firms including Elizabeth J. Cabraser of Lieff Cabraser Heimann & Bernstein, John Edwards, Edwards Kirby, Bob Hilliard of Hilliard Munoz Gonzales LLP, Andre Mura of Girard Gibbs, Donald Slavik, and Jay Rice of Nagel Rice, were among a handful that have already spent considerable time analyzing and addressing such proceedings, all for the benefit of the plaintiffs' group at large.

Specifically, on November 23, 2015, the above named attorneys were panel speakers for the Volkswagen Class Action & MDL Seminar held in San Francisco. This program was dedicated to providing invaluable information on the multidistrict litigation process in federal court and effective ways to represent the class in the Volkswagen litigation. I organized and served as program chair identifying the key issues that needed to be addressed and lead the program throughout the day. Through my leadership and ability to work cooperatively, I successfully gathered the prominent lawyers referenced above and attracted approximately 50 attorneys from across the nation to attend the seminar. I also attended another Volkswagen seminar in Miami, Florida to deepen my understanding of the issues at hand and hear other perspectives on this case. That seminar also had approximately 50 attorneys from across the nation.

Such efforts reflect a meaningful commitment to this case and demonstrate a genuine willingness and ability to contribute to this matter.

As a trial attorney in Northern California, I am familiar with the rules of this District and believe this litigation will benefit from my ability to creatively approach the issues, problem solve, and effectively work with and coordinate with attorneys from across the nation. In addition, I am

unequivocally committed to this case and fully understand that being a member of the PSC is a time-consuming responsibility. However, I am well-prepared to take on such responsibility and my practice is able to devote all the necessary resources to effectively prosecute this matter.

In 2008, I became a founding partner of Bracamontes & Vlasak, P.C. and have represented hundreds of plaintiffs in Northern California. A vast majority of our cases are multi-plaintiff cases that involve some type of personal injury. As to personal injury matters, I have dealt with a wide range of injuries from brain and spinal injuries, police brutality, car accidents, and carbon monoxide poisoning. With respect to employment cases, I have successfully represented employees that have endured sexual harassment, or have been unfairly discriminated against due to race, ethnicity, pregnancy, and gender. To date, our firm has recovered millions of dollars on behalf of our clients and has cooperatively worked with other co-counsel and opposing counsel to resolve scores of cases.

Bracamontes & Vlasak's involvement in this case will be a team effort, led by me and other members of the firm, including its co-founder Ryan Vlasak. We will commit tremendous energy, time, and resources to this case, making it a matter of our highest priority. My firm has successfully represented a variety of individuals in Northern California and is populated by lawyers committed to efficiency, communication, and collaboration. To that end, I commit to working with any group of lawyers selected by this Court to achieve the best possible outcome for the class.

Respectfully submitted,

/s/ Michael R. Bracamontes
